

Age of reference :

entre 1440 and 1527, and more especially the period between 1465 and 1493, which is the time of the end of Inka Pachacutec's reign, and of the return of his son Tupac Inca Yupanqui.

What regards the INKANATO, or the apogee of the Inca empire and at its widest expansion.

At this time the Incas built palacios in Cusco (the navel of the world), but also around, at a distance of between 40 and 60 km of it.
